**INDIA-MOROCCO BILATERAL RELATIONS**

---

**07 June 2019**

**1. POLITICAL RELATIONS**

**1.1 Historical Background**

(i) India and Morocco have interacted in historical terms going back to the 14<sup>th</sup> century when the famous traveller and writer from Tangier, Ibn Batuta travelled to India. His writings on medieval Indian society are as much an important source of historical information about India to the Indians as to the Moroccans. In modern history, India was active in the UN supporting the Moroccan freedom movement and recognized Morocco on 20 June 1956 when it became independent of the protectorate arrangements with France and diplomatic Missions were established in 1957. Since the establishment of relations, India and Morocco have enjoyed cordial and friendly ties.

(ii) After the meeting of HM King Mohammed VI with Prime Minister of India on 29 October 2015, on the sidelines of the third India-Africa Forum Summit (IAFS-III) in New Delhi, India-Morocco bilateral relations have intensified and that can be seen in **22** Ministerial visits from both the countries and signing of **37** MoUs/Agreements in the areas such as education, space, information technology, cyber security, pharmaceuticals, etc since October 2015. As per provisional trade figures of Statistics Bulletin of Office des Changes, Government of Morocco, for the period January-December 2018, bilateral trade stood at approx **US\$ 1.8 Billion**, which is probably the highest since the establishment of diplomatic relations.

## **2. ECONOMIC & COMMERCIAL RELATIONS**

### **2.1 Introduction**

(i) As per provisional trade figures for the period January-December 2018, trade between the two countries stood at US\$ 1801.9 million i.e. India's exports to Morocco stood at US\$ 701.8 million while imports were valued at US\$ 1100.1 million, which is probably the highest since the establishment of diplomatic relations between the two countries. During the period January-December 2017, trade between the two countries

stood at US\$ 1,320.6 million i.e. India's exports to Morocco stood at US\$ 637.0 million while imports were valued at US\$ 683.6 million. Compared to the period January-December 2017, India's exports to Morocco have increased by 10.2% and India's imports from Morocco have increased by 60.9%. The surge of 60.9% in India's imports from Morocco can be mainly attributed to steep rise in the exports of phosphoric acid, natural & chemical fertilizers and phosphates from Morocco to India.
